

Announcement of the College of Innovation

Positions for Full-time Lecturer

For the Master of Science Program in Service Innovation (International Program) and Bachelor of Arts Program in Service Innovation (International Program)

The Service Innovation Program within the College of Innovation at Thammasat University is seeking applicants for a lecturer appointment. The program is built around a cross-disciplinary and multi-dimensional conceptual framework that is designed to equip graduates to be effective leaders in service innovation in the public, private and nonprofit service sectors.

The Program identifies innovation as a new way of doing things, with the introduction of new ideas, methods or devices, a better and more effective way of delivering services and the process by which an idea or invention is translated into a service. The Program encourages creative thinking and problem solving through the use of interdisciplinary, transformative, strategic and design thinking at a global level. It is designed to deal with the special needs and perspective of small, medium and large scale organizations at a range of geographic scales.

This is a unique opportunity for applicants seeking a challenging and rewarding experience to be involved in the ongoing research and academic development of a new program within a unique University setting. Applicants should be able to interact with both students and colleagues in a positive and constructive manner and that they should be able to complement and enrich a developing academic environment.

1. Position

Full-time lecturer.

2. Conditions

The successful applicant will be required to teach in English at the Bangkok campus.

3. Qualifications

- 3.1 Any nationality is eligible to apply.
- 3.2 Excellent English skills since both degrees are offered in English
- 3.3 Experience in facilitating learning at the undergraduate and graduate levels using a problem-based approach.
- 3.4 An ability to work effectively in small, professional and multi-cultural teams.
- 3.5 Demonstrated ability in planning and pursuing a focused and cohesive scholarship agenda.
- 3.6 Subject matter expertise and management experience in one or more of the following areas: the lodging industry in general with an emphasis on hotel and resorts, events planning and management, data gathering and analysis, marketing

and branding, finance, talent management, food and beverage management and technology.

3.7 Preference will be given to candidates with research and teaching experience in innovation and creativity in service operations, design and delivery in the public, private and non-governmental sectors.

3.8 Must meet the following University requirements:

3.8.1 Master degree

- Bachelor degree with GPA not less than 3.00 (without any F for core courses)

- Master degree with GPA not less than 3.50

And consideration will be given to a candidate with at least 5-year industry experience or
